You've got tick-tack, come on.
Now you re-lax and let your

step in-side
mind go free,
and let my song take you for a ride,
you won't re-gret the feel-ing you re-ceive.
Come on, won't you let me be by your side, for now and eternity, 'cause I love you, baby I do now, can you see what has come over me, for my life is growin' like a big oak tree, 'cause I love you, baby, I do now,

My love is growin', your heart is knowin',

our love is growin', Mama!

Can you see what has come over me, to my life?

Have some cool-in' water, Have some cool-in' water.

Have some cool-in' water, Have your-self some water.
Cool, Cool Water.

Get your-self in some Cool, Cool Water.

When the heat's got you down,
here's what-cha ought-a

Get your-self in that Cool, Cool Water.
Cool, cool, Cool, Cool Water.

In an occasion or in a glass, cool water is such a gas.

It's so cool in', cool in' me.

From the mountains on down to the sea,
When the night is too hot to keep cool,
I'm layin' down.
When I'm thirsty,
I reach for a glass.

The only thing movin' are the cool water tastes like.
